FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several ears," says Mrs. J. B. Whittaker, of his place, "with sick headache, and omach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried. We never have a long spell of sick-

anagement and the growth of FULL LENGTH STATUE perity. Then again there is the Ban on Commerciale Italiana. The ententi-petween British and Italian interest brazil is of particular importance wing to the predominance of the lat-

methods of business and of those of the United States, and as a ceneral rule they prefer our own. If they can do so they will deal with us.

"Another great point in our favor is the remarkably strong position of our leading banks. The names of the Anglo-South American banks, the North and the Nickelson was an any here if England is to maintain bus to maintain to be the captivity with dignity. The hardest point in our favor is the remarkably strong position of our leading banks. The names of the million dollars; Germany, 70 millions.

In Brazil, the second most important market, the Chronicle believes mosphere which has come about since In order that his coffin might not in the third country in commercial im-portance, is likely, the article adds,

to show surprising developments during the next few years owing to the opening of the Panama canal.

In conclusion, the article quotes from a British consular report the following advice to would-be traders in South America:

states to cost it from first place in trade with South America, declares the Daily Chronicle in a long and current discussion of "The South American Market." After mitting the relative positions of England, Germany and the United States in South American trade prior to the war, the article warns its readers that the United States has already accomplished a great deal in its effort to take advantage of the opening offered it.

"But let us look for a moment at the assets of the British trader in South America," continues the Chronice. "One of his greatest is his reputation for sirlet integrity and seruptions for sirlet integrity and seruption for sirlet integrity and seruption for sirlet integrity and seruptions of the serve they not with a mere amanter pulsously honorable dealing, which will stand him in good stead in the commerce and are different and at all costs. South American Thing specifically to the opportation of the South American Continues the Chronical Continues to take advantage of the Opening offered in the Continues of wanted their bonus propositi suclation and the election now pledged to support the two pro-
